NEWS RELEASE

LATTICE BIOLOGICS ISSUES COMMON SHARES

Service provider confidence continues as the Company makes headway in the market

NOT FOR DISSEMINATION IN THE US OR THROUGH US NEWSWIRE SERVICES

August 15, 2016 - Scottsdale, AZ - Lattice Biologics Ltd. ([TSX-V: LBL](#)) ([OTCBB: BLVKF](#)) ("Lattice Biologics" or the "Company") is pleased to announce that it has obtained TSX Venture Exchange ("**TSXV**") approval to issue 377,137 common shares of the Company (the "**Shares**") at a deemed price of Can\$0.249.

The Shares are being issued as compensation for certain services rendered to the Company by two individuals during April through June of 2016, pursuant to the terms of two Shares for Services agreements (announced [August 8, 2016](#)). The number of Shares was determined by using the volume weighted average price of the Company's common shares on the TSXV for the five business days prior to submission to the TSXV for approval of the issuance.

As with the debt-to-equity conversion announced on [August 10, 2016](#), this transaction also demonstrates the high level of confidence exhibited by service providers working closely with the Company. This transaction follows the announcements of the Company's preferred vendor status with the Veterans Health Administration's 160+ hospital network and the development of 7 new advanced biologic products.

About Lattice Biologics Ltd.:

Lattice Biologics recently completed its RTO, becoming a publically traded company on January 4, 2016 and is traded on the TSX-V under the symbol: LBL. The Company is an emerging personalized/precision medicine leader in the field of cellular therapies and tissue engineering, with a focus on bone, skin, and cartilage regeneration.

Lattice Biologics develops and manufactures biologic products to domestic and international markets. The Company's products are used in a variety of surgical applications.

Lattice Biologics maintains its headquarters, laboratory and manufacturing facilities in Scottsdale, Arizona as well as offices in Toronto Ontario. The facility includes ISO Class 1000 and ISO Class 100 clean rooms, and specialized equipment capable of crafting traditional allografts and precision specialty allografts for various clinical applications. The Lattice Biologics team includes highly trained tissue bank specialists, surgical technicians, certified sterile processing and distribution technicians, and CNC operators who maintain the highest standards of aseptic technique throughout each step of the manufacturing process. From donor acceptance to the final packaging and distribution of finished allografts, Lattice is committed to maintaining the highest standards of allograft quality, innovation, and customer satisfaction.

Lattice Biologics maintains all necessary licensures to process and sell its tissue engineered products within the U.S. and internationally. This includes Certificates to Foreign Governments from the U.S. Food and Drug Administration (FDA) and registrations for 29 countries, which allow the export of bone, tendon, meniscus, ligament, soft tissue, and cartilage products outside of the U.S.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

Cautionary Statement on Forward-Looking Information:

Certain information contained in this news release constitutes "forward-looking statements" within the meaning of the 'safe harbour' provisions of Canadian securities laws. All statements herein, other than statements of historical fact, are to be considered forward looking. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "planned", "potential", "future", "expected", "could", "possible", "goal", "intends", "will" or similar expressions. Forward-looking statements in this news release include, without limitation: information pertaining to the Company's strategy, plans, or future financial performance, such as statements with respect to the Transaction, and other statements that express management's expectations or estimates of future performance. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of Lattice to be materially different from those expressed or implied by such forward-looking statements.

Forward-looking statements are necessarily based upon a number of factors and assumptions that, while considered reasonable by management as of the date such statements are made, are inherently subject to significant business, economic and

competitive uncertainties and contingencies. The factors and assumptions that could prove to be incorrect, include, but are not limited to: that market prices will be consistent with expectations, the continued availability of capital and financing, and that general economic, market and business conditions will be consistent with expectations. The forward-looking statements are not guarantees of future performance. We disclaim any obligation to update or revise any forward-looking statements, except as required by law. Readers are cautioned not to put undue reliance on these forward-looking statements.

United States Advisory: The securities referred to herein have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act"), and may not be offered, sold, or resold in the United States or to, or for the account of or benefit of, a U.S. Person (as such term is defined in Regulation S under the U.S. Securities Act) unless an exemption from the registration requirements of the U.S. Securities Act is available. This press release shall not constitute an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of securities in the state in the United States in which such offer, solicitation or sale would be unlawful.
